

## Alverthorpe Supported Living

Alverthorpe is a warm, supported living home in a peaceful area of Wakefield, designed for three people with learning disabilities, autism and complex needs who want to live more independently.

Each person has their own self-contained flat, complete with a private kitchen, bathroom and living space. This offers the freedom of independent living, alongside the reassurance of on-site support when needed. The environment is calm, safe and adaptable, with intercom access and the option for assistive technology to support changing needs over time.

Support at Alverthorpe is shaped around the individual and guided by our Strive model of care, with a strong focus on Active Support and Positive Behaviour Support. This helps people build confidence, develop everyday skills and work towards goals at their own pace.

With access to Alverthorpe residential home on the same site, there is added reassurance and a strong sense of community, supporting people to take their next step with confidence.

### Person Specification

We'd love to welcome someone who wants to build independence, enjoys being active, and wants to grow their skills within a friendly, community-focused setting.

# Your journey to involve

## Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

## Step 2.

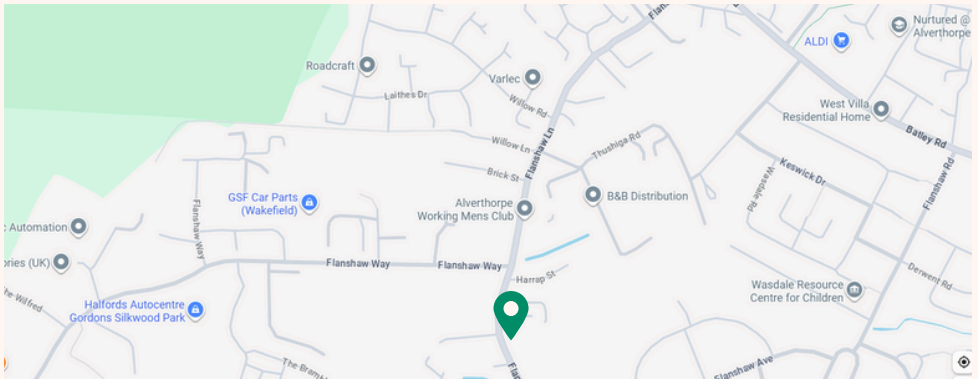

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

## Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Alverthorpe is in a residential area of Wakefield with good local amenities close by - from shops and cafés to leisure facilities and green spaces. Local transport links make it easy to reach Wakefield city centre and the wider area, offering plenty of opportunities for education, social activities, and days out.

**139 Flanshaw Lane, Wakefield, West Yorkshire, WF2 9JF**
