Supported Living

A calm and welcoming supported living home in Watford, designed to help men with autism and mental health needs live with confidence, and independence. Rated Outstanding by the CQC and accredited by the National Autistic Society, it's a home where understanding and consistency make all the difference.

The home is spacious and each person has their own comfortable bedroom, bathroom and kitchenette. There's shared areas too - including a large kitchen, dining room, lounge and bright conservatory - bring everyone together for meals, hobbies and everyday conversations. Outside, a private garden offers space to relax, unwind, or enjoy activities in the fresh air.

Support is built around the individual and guided by our Strive model of support. Colleagues take time to understand each person's goals, routines and preferences - offering encouragement, structure and care that helps people grow in confidence and independence, crafting days that feel meaningful and rewarding.

Person Specification

We'd love to welcome a man with autism and mental health needs who's looking for a supportive, stable home. You'll enjoy connecting with people and achieving goals alongside a team who truly listen and care.

Your journey to ivolve

Step 1.

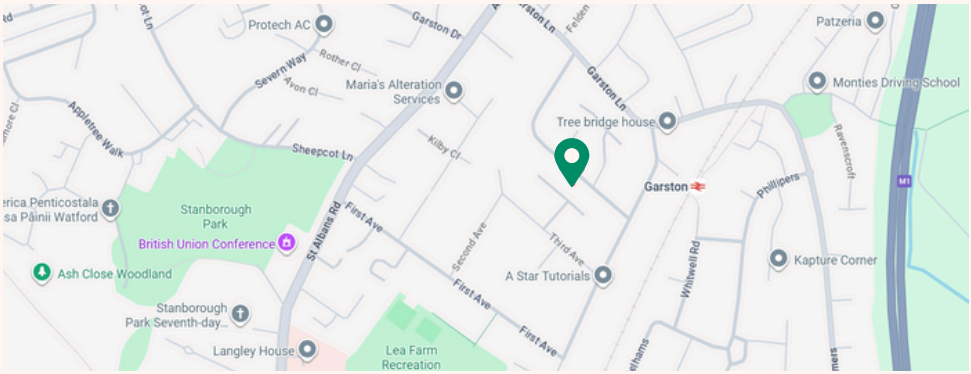
Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.



88 Woodhurst Avenue sits in a peaceful residential area of Watford, close to local shops, cafés and community spaces. Excellent transport links make it easy to reach nearby parks, leisure venues and nearby cities. It's a place where comfort and connection come together - a home designed for living well, every day.
