

Blythe Bridge Residential

Blythe Bridge is a lively and welcoming eight-bed residential home for adults who have learning disabilities, autism, cerebral palsy, epilepsy, or mental health needs.

You'll find us in the heart of Blythe Bridge - a friendly Staffordshire area with great local amenities and easy transport links, making it easy for the people we support to get out and about in the community.

The home has a warm, family feel, with eight spacious bedrooms - four with toilet ensembles and four with full ensuite showers, as well as two communal bathrooms. There's a shared dining room, kitchen, lounge, sensory room, and we're transforming a former office into another shared space to enjoy together. Two gardens offer plenty of room for barbecues, games, and relaxation.

Support here is shaped by our Strive model of care - helping each person feel safe, build confidence, make choices, and flourish. Every day is full of laughter, activity, and belonging at Blythe Bridge.

Person Specification

We'd love to welcome someone who enjoys being part of a busy, friendly home. If you like shared meals, music, and days out, alongside having choice and structure in your day, you'll feel right at home here!

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

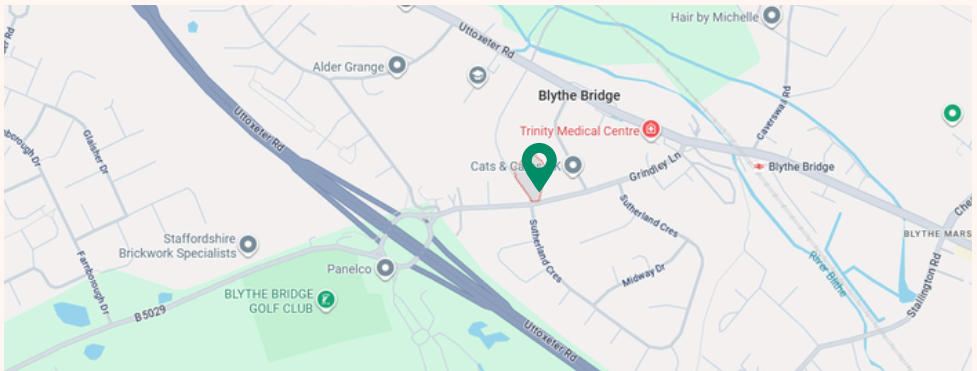

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Blythe Bridge is perfectly placed for convenience and community. We're close to the Wethervane Pub, Trinity Medical Centre, and a variety of shops and cafés are all within walking distance. Excellent bus and train links make trips to nearby Stoke-on-Trent and the wider area easy - ideal for days out, family visits, or enjoying new adventures further afield.
