Enright View

Residential

Enright View is a residential home in Newark, supporting adults with learning disabilities, autism, mental health needs and other complex health conditions. It's a place where people can truly flourish.

The main bungalow has four comfortable bedrooms with en-suite facilities for private space. There's a cosy communal lounge and dining area where people come together to relax and share meals, along with a spacious kitchen, utility room, and a bathroom with both shower and bath options. The patio doors open onto a large, accessible garden - a favourite spot for fresh air and activities.

Alongside the main home are three self-contained bungalows, each thoughtfully designed to support people who thrive in their own space. Two include private gardens, while all have their own living areas and kitchens, helping each person live independently with support nearby.

At Enright View, care is guided by our Strive model - helping people build strong relationships, stay active and live a life filled with meaning, stability and choice.

Person Specification

We'd love to welcome someone who enjoys both peaceful time in their own space and social moments with others - perhaps a person who loves a stroll in the park, a cup of tea in the garden, or a relaxed evening with friends.

Your journey to ivolve

Step 1.

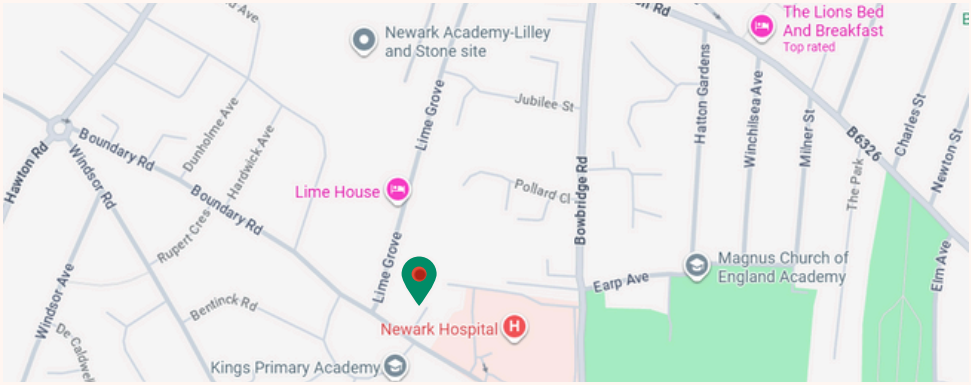
Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.



Enright View is in a great spot, close to local shops and just a short walk from Newark town centre and close to other nearby cities. There's a bus stop right outside, and the lovely Sconce Park - with its café and open green space - is only a few minutes away, perfect for walks, picnics and days out.
