Oakmere Cottage

Supported Living

Oakmere Cottage is a beautifully refurbished supported living home for six adults with learning disabilities, autism and complex needs.

Set across two floors, the home offers six en-suite bedrooms - three on the ground floor and three upstairs - with thoughtful accessibility throughout, including ramp access to the property. One downstairs en-suite also includes a bath, with all others offering walk-in showers.

Oakmere Cottage balances privacy and connection. There's a shared living room, a communal kitchen and dining space, a utility room, and a garden for fresh air and relaxed social time. Every space has been finished to an exceptionally high standard, creating a calm, modern environment that truly feels like home.

Support is shaped by Strive, our proactive model of support focused on building skills, confidence and meaningful outcomes. Here, people are supported to live life with choice, encouragement and independence.

Person Specification

Oakmere Cottage is suited to those who likes their own space but also enjoy shared meals, friendly company and getting out into the local community. It's ideal for people who want to grow their independence while feeling connected and supported.

Your journey to ivolve

Step 1.

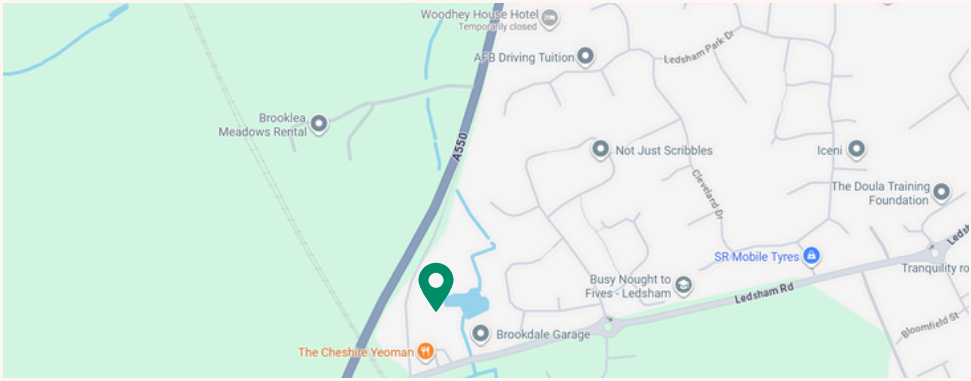
Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.



Oakmere Cottage is located in Little Sutton, Ellesmere Port - a well-connected area with a strong community feel. Local shops, cafés and everyday amenities are close by, making it easy to build familiar routines and independence. The area also offers good transport links into Ellesmere Port and Chester, supporting regular outings, social opportunities and access to wider community life.
