

Blamsters Green

Residential

Person Specification

We'd love to welcome someone who enjoys a private space and shared areas within a friendly, established home. Blamsters Green may suit someone who benefits from accessible ground-floor living, personalised support and opportunities to enjoy activities, garden time and trips into the wider community.

Blamsters Green is a n 8-bed residential home for mixed-gender adults with learning disabilities, autism, epilepsy and mobility needs. Set within the peaceful Blamsters Farm community, the home is arranged entirely across the ground floor for good accessibility.

Each person has a private bedroom, bathroom and lounge, including two wet rooms for additional accessibility. Shared spaces include a comfortable communal lounge, kitchen, activity room and garden, creating places to relax, enjoy hobbies and spend time together.

Personalised 1:1 or 2:1 support is available, including for people who communicate non-verbally and those with behaviours of concern. Guided by our Strive model, support focuses on each person's strengths, choices and aspirations, helping them feel safe, build confidence and enjoy meaningful lives within their home and community.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

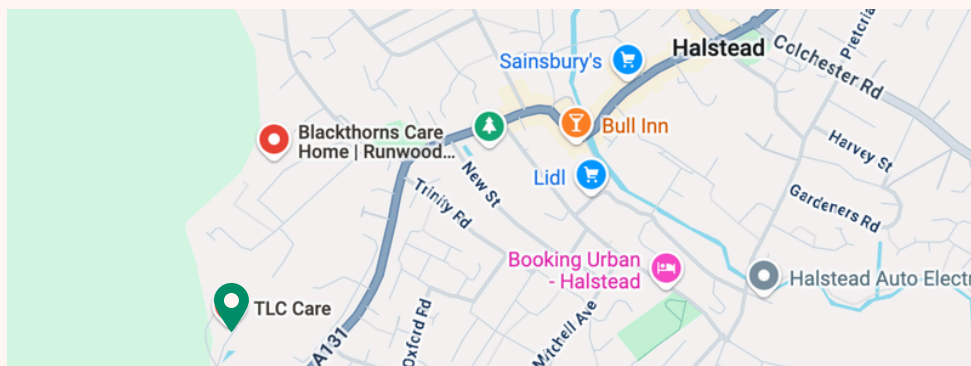

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Blamsters Green is set within the peaceful Blamsters Farm community on Mount Hill, on the outskirts of Halstead. Local shops, cafés and everyday amenities are within easy reach, while two house vehicles help people enjoy appointments, community activities and days out further afield.

Blamsters Farmhouse, Blamsters Farm, Mount Hill, Halstead, CO9 1LR
