

Blamsters Mews

Supported Living

Person Specification

We'd love to welcome someone who would benefit from the privacy of their own home, while having personalised support and opportunities to connect with a friendly community nearby. Blamsters Mews may particularly suit someone who values familiar routines, calm surroundings and support shaped around their individual communication needs.

Blamsters Mews is a supported living service in Halstead, offering four self-contained bungalows for adults with learning disabilities, autism, complex needs and mental health needs, including non-verbal people.

Each single-occupancy home has its own bedroom, bathroom, lounge and kitchen, giving people privacy, choice and a place that feels truly their own. A shared garden offers space to relax outdoors, while the wider Blamsters Farm setting offers connection with nearby ivolve homes.

Personalised 1:1 support and waking-nights are available, shaped around each person's routines and goals.

Through our Strive model, colleagues focus on supporting greater independence. This is strengthened by trauma-informed care, specialist PBS input and an MDT approach, creating consistent support that helps people feel safe and confident in the life they choose.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

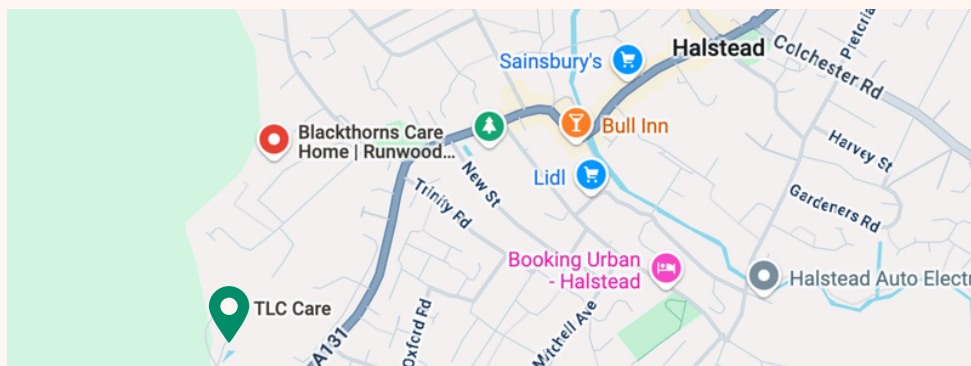

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Blamsters Mews is set in the peaceful Blamsters Farm community on Mount Hill in Halstead. The town centre is within walking distance, with local shops, amenities, activities and nearby bus routes help people stay connected to community life.
