

Moulton House Residential

Person Specification

We'd love to welcome someone who enjoys an active lifestyle, likes spending time with others and is happy to share everyday experiences within their home and local community.

Moulton House is a warm and welcoming six-bed residential home for adults with learning disabilities, autism and mental health needs. Set in the peaceful village of Moulton, Northampton, the home offers a comfortable base for people who enjoy being active, learning new skills and spending time with others.

There is one ground-floor bedroom and five bedrooms on the first floor, each with an ensuite bathroom. Shared spaces include a communal lounge, dining room, kitchen and downstairs bathroom, alongside a large garden and parking.

Through our Strive model of support, we help each person build confidence, make choices and develop independence. This might mean budgeting, shopping and cooking at home, planning activities or exploring learning opportunities at nearby Moulton College.

With a consistent, encouraging team and strong community connections, Moulton House is a place where people grow at their own pace and enjoy a fulfilling life.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Moulton House is close to local shops, cafés, a library and sports facilities, with Moulton College just a short walk away. Regular bus services connect the village with Northampton, Kettering and surrounding areas, while the M1 is within easy reach. Abington Park, Northampton Museum and Althorp House are also a short drive away.

Grosvenor House, Chater St, Moulton, Northampton NN3 7UD
