

Norton House

**Specialist Residential
Care Home in Sheffield**

Welcome to Norton House

Norton House is a residential care home in Sheffield, supporting adults with learning disabilities, autism and complex health needs to build confidence and enjoy meaningful everyday moments. ★

Set across two floors, Norton House has eight en-suite bedrooms offering privacy and space that people can make their own. Shared life flows through a cosy communal lounge and well-equipped kitchen/dining area, while a separate quiet lounge offers somewhere calmer to pause and recharge. Outside, the large garden and patio bring opportunities for gardening and summer barbecues.

The stable, dedicated support team takes time to understand each person's story, routines, communication and goals. Through Strive, our model of

support, everyday moments become opportunities to build independence, confidence, relationships and wellbeing. Our in-house Positive Behaviour Support expertise helps teams understand behaviour and create supportive, environments around each person.

Alongside this, trauma-informed care brings sensitivity to how past experiences may shape the present. Together, these approaches create personalised support where people can feel safe, understood and encouraged to flourish at their own pace, each day.

This is ideal for...

- People with learning disabilities, autism or complex health needs
- Someone that would benefit from consistency and a stable team
- People that enjoy shared activities with access to quiet personal space
- Someone who enjoys gardening, volunteering or building living skills
- People that like cinema trips, bowling, seaside days and getting into the community

Space To Pause And Recharge
