

Stanley Road Supported Living

Person Specification

Stanley Road is perfect for an adult with a learning disability, autism or mental health needs who'd benefit from having their own space alongside support. It is suited to someone who values privacy and independence but may require a higher level of support to feel safe and confident.

Stanley Road is a welcoming supported living home in Wellingborough for adults with learning disabilities, autism, mental health needs and dual diagnoses.

Set across three floors, the home offers three spacious, fully self-contained flats, each with its own bedroom, bathroom and kitchen. This gives every person the privacy and space to make their home their own, while still having support close by whenever it is needed.

Stanley Road is especially suited to people who may need a higher level of support within a calm, spacious environment. Our experienced team provides person-led support shaped around individual needs and ambitions.

Through our Strive model of support, we help people build confidence, develop their daily living skills, stay safe and work towards greater independence at a pace that feels right for them. It is a place where people can feel safe, make choices and create a life with freedom, purpose and possibility.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

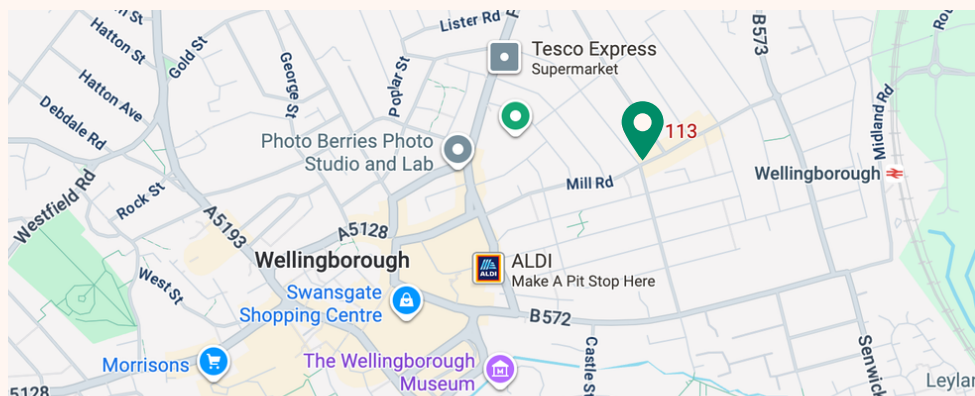

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Stanley Road is close to the heart of Wellingborough, a busy North Northamptonshire town with plenty of everyday amenities nearby. Local shops, supermarkets, parks and a leisure centre are all within walking distance, along with Wellingborough town centre and railway station, offering convenient connections to the surrounding area.
