

Stanley Road Supported Living

Person Specification

Stanley Road suits adults who want choice over how they live. With shared and self-contained options, it can support people seeking greater independence, those who enjoy social connection, or individuals who benefit from a quieter environment and more personalised support.

Stanley Road is a flexible supported living development in Wellingborough for adults with learning disabilities, autism, mental health and complex needs.

Set across three buildings, the home offers different ways to live, depending on what feels right for each person. One building is a welcoming two-person shared home with private bedrooms, shared living facilities and a colleague sleep-in space.

A second offers three self-contained flats with private kitchens, bathrooms and living areas, alongside a communal garden.

The third is a single self-contained flat with its own front door, ideal for someone seeking greater independence or a quieter, low-stimulus environment with enhanced support.

Our experienced team provides flexible, person-led support around individual strengths and needs. Through Strive, we help people build skills, community connections and independence, with support that can adapt as life changes.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

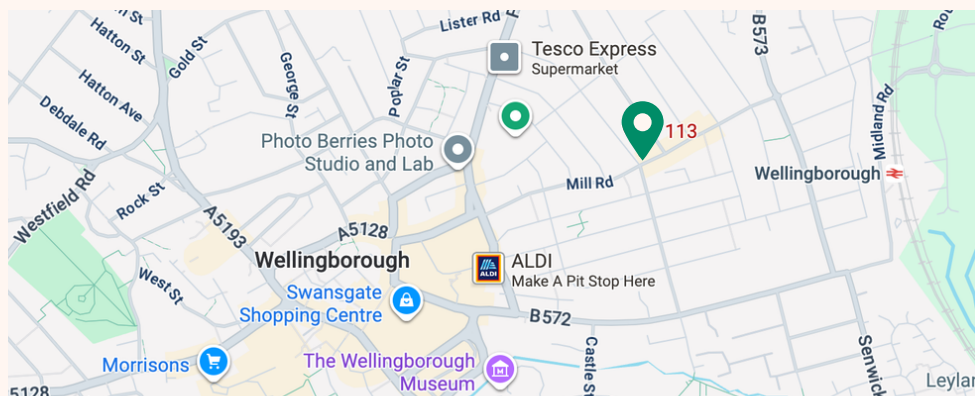

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

Stanley Road is close to the heart of Wellingborough, a busy North Northamptonshire town with plenty of everyday amenities nearby. Local shops, supermarkets, parks and a leisure centre are all within walking distance, along with Wellingborough town centre and railway station, offering convenient connections to the surrounding area.
