

International House

Supported Living

International House is a modern, supported living home with 13 bright, self-contained one-bedroom apartments across two thoughtfully designed floors. Here, we support adults with a mental health diagnosis, learning disabilities and or autism.

Each apartment offers single-occupancy living with an open-plan kitchen and lounge, a separate bedroom, and a private bathroom - all finished to a high standard to create a calm, comfortable place to call home.

Support is shaped around our Strive model of care, focusing on strengths, choice and building confidence for everyday life. Individual care plans are developed around each person's goals, routines and wellbeing, with on-site support available 24 hours a day, including personalised 1-1 support.

A secure front entrance provides peace of mind, balancing independence with reassurance, helping people feel settled, supported and in control of their lives.

Person Specification

International House is perfect for people that value their own space, enjoy independent living, and benefit from consistent, personalised support in a calm, community-based setting.

Your journey to involve

Step 1.

Your journey starts with a referral from your care team. We'll then arrange a meeting with you to see if the home is a good match.

Step 2.

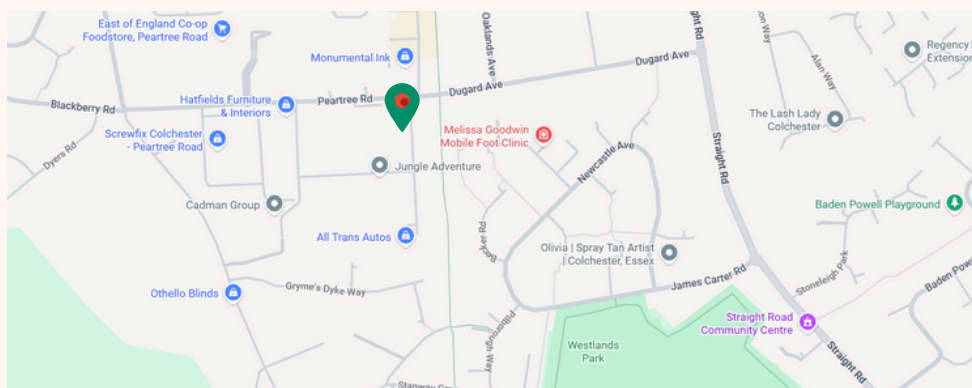

If all involved feel the move should take place, you'll be invited to visit the home and the local area to see if you like it.

Step 3.

If everyone is happy for the move to take place, we'll then plan your move into your new home at a pace that's right for you.

International House is in a well-connected and welcoming area of Colchester in Essex. Colchester town centre is easily accessible for cafés, leisure activities, everyday amenities and wider community connections are close by, supporting independent daily living. Westlands Park is just a short walk away too, offering green space for fresh air and gentle walks.
